

Who We Are

STRONG SERVICES is a software company based in Surat, Gujarat, India. We have been selling accounting software products to business sectors, industries, and individuals. We are selling Multi Business Software. We are in to multiple business sectors and have 500+ satisfied customers and covered up to 95 different types of businesses like Dyeing & Printing Mills, Cold Storage, Hotels, Small Trading Business, Cloth Market, Looms and Currently working on CRM Project etc.

We provide consulting and IT services to clients globally as partners to conceptualize and realize technology driven business transformation initiatives. We provide end to end business solutions that leverage technology. We provide solutions for a dynamic environment where business and technology strategies converge. Our approach focuses on new ways of business combining IT innovation and adoption while also leveraging an organization's current IT assets. We work with the large corporate organization and new generation technology companies – to build new products or services and to implement prudent business and technology strategies in today's dynamic digital environment.

We believe that when you put information and technology into the right hands, you give people the power to shape the world.

To help customers win in their own market place, We deliver Total Solutions—innovative products and services to address specific customer needs in order to improve productivity, increase profitability and stimulate growth. **Customized Software Development.**

We develop software solutions that are tailor-made (Desktop, Cloud, Web Application, Mobile Application) to the user's requirements. We have an expertise on database development life cycle.

We have the wealth of most experienced professionals to concentrate on the following:

- Inventory Management
- FMCG Management
- Sales management
- Production management
- Financial and Cost Accounting Management
- ERP Solution
- Website Designing
- Web Application Development
- Mobile Application
- CMS Website Development
